

European REACH

Date: November 22, 2019

Dear Customer:

The purpose of this letter is to state Pelican Products' compliance with EU REACH Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals in the European Union and to communicate the presence, if any, of REACH SVHC and RSL substances in Pelican products over maximum concentration values.

Substances of Very High Concern (SVHC):

REACH Article 59 (10) of the EU REACH Regulation (EC 1907/2006) includes publication of the Candidate List of Substances of Very High Concern (SVHC) that is published by the European Chemicals Agency (ECHA) located at: <http://echa.europa.eu/web/guest/candidate-list-table> and was last updated July 16th, 2019.

Restricted Substances:

REACH Annex XVII is the Restricted Substance List (RSL) published by the European Commission that identifies restrictive conditions of certain chemical substances, mixtures, and articles located at: <https://echa.europa.eu/substances-restricted-under-reach>

This will certify to the best of our knowledge that: the chemicals on the Candidate List of Substances of Very High Concern referenced above are not intentionally added or present in Pelican products, or in constituent articles within these products, at a concentration level of greater than 0.1% weight by weight of each article or constituent article; and that Pelican's products are not in violation of the conditions of restriction outlined in Annex XVII and subsequent amendments under normal use.

This declaration also certifies that we agree to notify our article recipients in the European Union of any future SVHC substance or RSL substance that is present in Pelican products at a concentration level of greater than 0.1% weight by weight of each article or constituent article, and/or are in violation of the conditions of restriction outlined in Annex XVII and subsequent amendments.

Please be aware that the information being provided regarding the substances contained in Pelican's products comes from reviewing information provided by suppliers or producers of the raw materials used in Pelican's products and that formal testing has not been conducted to determine the presence of these substances in Pelican's products.

Pelican wishes to ensure all of our customers that the due diligence activities referenced above, along with our ongoing commitment to provide environmentally conscious products, are core components of Pelican's critical business objectives.

This proprietary information is considered business-sensitive and should only be used for environmental, health, and safety purposes.

If you have any further question regarding Pelican's REACH compliance program, please do not hesitate to contact me.

Sincerely,

Scott Nicholson
